CONCLUSIONS OF LAW

MDHHS policies are contained in the MDHHS Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is funded under the federal Supplemental Nutrition Assistance Program (SNAP) established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 7 USC 2036a. It is implemented by the federal regulations contained in 7 CFR 273. MDHHS administers FAP pursuant to MCL 400.10 of the Social Welfare Act, MCL 400.1 *et seq.*, and Mich Admin Code, R 400.3001 to R 400.3031.

Intentional Program Violation

An IPV occurs when a recipient of MDHHS benefits intentionally made a false or misleading statement, or misrepresented, concealed, or withheld facts. 7 CFR 273.16(c)(1). Effective October 1, 2014, MDHHS's OIG requests IPV hearings for cases where (1) the total repayment amount sought from Respondent for all programs combined is \$500 or more or (2) the total repayment amount sought from Respondent for all programs combined is less than \$500 but the group has a previous IPV, the matter involves concurrent receipt of assistance, the IPV involves FAP trafficking, or the alleged committed fraud is government employee. BAM 720 by а state (October 1, 2017), p. 12-13.

To establish an IPV, MDHHS must present clear and convincing evidence that the household member committed, and intended to commit, the IPV. 7 CFR 273.16(e)(6); BAM 720, p. 1. Clear and convincing evidence is evidence sufficient to result in "a firm belief or conviction as to the truth of the precise facts in issue." *Smith v Anonymous Joint Enterprise*, 487 Mich 102, 114-115; 793 NW2d 533 (2010); see also M Civ JI 8.01. Evidence may be uncontroverted and yet not be clear and convincing; conversely, evidence may be clear and convincing despite the fact that it has been contradicted. *Smith* at 115. The clear and convincing standard is "the most demanding standard applied in civil cases." *In re Martin*, 450 Mich 204, 227; 538 NW2d 399 (1995). For an IPV based on inaccurate reporting, MDHHS policy also requires that the individual have been clearly and correctly instructed regarding the reporting responsibilities and have no apparent physical or mental impairment that limits the ability to understanding or fulfill these reporting responsibilities. BAM 720, p. 1.

In this case, MDHHS alleges that Respondent committed an IPV based on Respondent intentionally failing to report the household's accurate group composition to the Department, resulting in receiving FAP benefits from January 1, 2022 to May 31, 2022, (fraud period) that Respondent was ineligible to receive.

The Department has established that Respondent was aware of the responsibilities to accurately report information and to timely report any changes to the Department. Department policy requires clients to completely and truthfully answer all questions on forms and in interview. BAM 105 (October 1, 2021) p. 9. Households must also report all changes in household composition, such as the addition or loss of a household member, as well as changes in residence and the resulting change in shelter costs. 7 CFR 273.12(a)(1)(ii) and 7 CFR 273.12(a)(1)(iii) Department policy requires clients to report any change in circumstances that will affect eligibility or benefit amount within 10 days. This includes changes with household composition and residence. BAM 105, pp. 11-13. Respondent's signature on the Assistance Application certified that the information he provided was accurate and that he read and understood the rights and responsibilities, which would include providing accurate information and timely reporting any changes. (Exhibit A, pp. 17-25; Regulation Agent Testimony). Respondent did not have an apparent physical or mental impairment that would limit the ability to understand or fulfill the reporting requirements. (Regulation Agent Testimony).

On December 2021, Respondent submitted an Assistance Application for FAP and other benefit programs. Respondent reported a household composition of two, himself and his minor child AS. (Exhibit A, pp. 8-17).

However, the evidence shows that AS did not reside with Respondent. On May 2022, a Native American Outreach Worker with the Department reported that she was working with the mother of AS, who lives in Florida and according to her AS lives in Florida as well. (Exhibit A, p. 26). During a May 2022, phone contact, the mother of AS reported that AS has been residing with her in Florida, only met his father in 2020 when they stayed a short time with him. (Exhibit A, p. 3; Regulation Agent Testimony). On May 2022, a Full Time Student Letter was written stating AS was a full-time student at and included the parent's name and address in Florida. (Exhibit A, p. 28). On August 20203, the Regulation Agent verified the school letter,

and that AS was enrolled at the school during the 2021-2022 school year. (Exhibit A, p. 3; Regulation Agent Testimony).

The evidence shows that Respondent did not accurately and timely report the household composition when he was receiving FAP benefits, as required per policy. Respondent's failure to accurately and timely report the household composition resulted in an OI of FAP benefits. Therefore, MDHHS has presented clear and convincing evidence that Respondent committed an IPV.

IPV Disqualification

An individual who is found pursuant to an IPV disqualification hearing to have committed a FAP IPV is disqualified from receiving benefits for the same program for 12 months for the first IPV, 24 months for the second IPV, and lifetime for the third IPV. 7 CFR 273.16(b)(1); BAM 720, p. 16. As discussed above, MDHHS has established by clear and convincing evidence that Respondent committed an IPV. Respondent has no prior FAP IPV disqualifications. (Exhibit A, p. 3). Because this was Respondent's first IPV for FAP, Respondent is subject to a 12-month disqualification from receipt of FAP benefits.

Overissuance

When a client group receives more benefits than entitled to receive, MDHHS must attempt to recoup the OI as a recipient claim. 7 CFR 273.18(a)(2); BAM 700, (October 1, 2018), p. 1. The amount of a FAP OI is the benefit amount the client actually received minus the amount the client was eligible to receive. 7 CFR 273.18(c)(1); BAM 720, p. 8; BAM 715 (October 1, 2017), p. 6; BAM 705 (October 1, 2018), p. 6.

In this case, MDHHS alleged that Respondent was overissued FAP benefits totaling during the fraud period. From January 1, 2022 to May 31, 2022, Respondent received \$ for FAP benefits. (Exhibit A, pp. 29-30). When the corrected household composition was utilized to redetermine eligibility for FAP, Respondent's household was only eligible for \$ for for \$ for for \$ for for \$ for

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

- 1. MDHHS has established by clear and convincing evidence that Respondent committed an IPV.
- 2. Respondent is subject to a 12-month disqualification from FAP.
- 3. Respondent did receive an OI of FAP benefits in the amount of \$

IT IS ORDERED that MDHHS initiate recoupment and/or collection procedures in accordance with MDHHS policy for a FAP OI in the amount of **Sector** less any amounts already recouped/collected for the fraud period.

IT IS FURTHER ORDERED that Respondent be personally disqualified from FAP for a period of 12 months.
