MOAHR Docket No.: 23-000183
Agency No.: [REDACTED]
Petitioner: [REDACTED]

ADMINISTRATIVE LAW JUDGE: Robert J. Meade

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a hearing was held on February 14, 2023. Petitioner appeared on her own behalf. Allison Pool, Appeals Review Officer, appeared on behalf of Respondent, Michigan Department of Health and Human Services (Department). Erica Titov, Medicaid Utilization Analyst, appeared as a witness for the Department.

ISSUE

Did the Department properly deny Petitioner's request for prior authorization (PA) for upper and lower partial dentures?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a Medicaid beneficiary. (Exhibit A, p 11; Testimony)
2. On November 9, 2022, Petitioner's dentist sought approval for upper and lower partial dentures for Petitioner. (Exhibit A, p 11; Testimony)
3. On January 3, 2023, the request for upper and lower partial dentures was reviewed and denied because Petitioner had 8 posterior (back) teeth in occlusion (i.e. biting together). (Exhibit A, p 9; Testimony)
4. On January 3, 2023, the Department sent Petitioner a Notice of Denial, which also advised Petitioner of her appeal rights. (Exhibit A, pp 9-10; Testimony)
5. On January 17, 2023, the Michigan Office of Administrative Hearings and

Rules (MOAHR) received Petitioner's Request for Hearing. (Exhibit A, pp 6-8)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

SECTION 2 – PRIOR AUTHORIZATION

Prior authorization (PA) is required for services identified in this chapter and the Medicaid Code and Rate Reference tool. For questions about medically necessary dental services beyond those described in this chapter, providers should contact the MDHHS Program Review Division (PRD). (Refer to the Directory Appendix for website and contact information.)

2.2 COMPLETION INSTRUCTIONS

The Dental Prior Approval Authorization Request form (MSA-1680-B) is used to obtain authorization. An electronic fill-in enabled version of the MSA-1680-B is available on the MDHHS website. (Refer to the Directory Appendix for website information.)

Providers should use the appropriate CDT code(s) on all PA requests. When requesting medically necessary services for which there is no procedure code, the Not Otherwise Classified (NOC) code is used. Services requested under NOC codes require PA. The MSA-1680-B should only include the procedure(s) that requires PA.

The general instructions for Medicaid coverage for complete and partial dentures during the period when the PA request and denial were made are set forth in the following policy from the Medicaid Provider Manual:

6.6.A. GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require prior authorization PA. Complete or partial dentures are authorized when one or more of the following conditions exist:

- One or more anterior teeth are missing.
- There are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth).

Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the complete or partial denture requested. The provider is expected to evaluate whether the treatment is appropriate for the individual beneficiary, and assess the probability of delivering removable dentures and the beneficiary's compliance with follow-up care.

It is the provider's responsibility to discuss the treatment plan with the beneficiary, including any applicable frequency limits and other pertinent information related to the proposed services, and obtain the beneficiary's agreement with the proposed treatment plan. Documentation of the beneficiary's agreement must be retained in the beneficiary's dental record.

Emphasis added*

The Department's witness testified that Petitioner's request for upper and lower partial dentures was denied because Petitioner had at least 8 posterior teeth in occlusion. The information submitted indicated that Petitioner has posterior teeth 3, 4, 12, and 13 occluding with posterior teeth 30, 29, 21, and 20. The Department witness indicated that, per policy, Petitioner did not, therefore, qualify for upper and lower partial dentures at this time.

Petitioner testified that she is diabetic, and it is really tough to eat and it would help to have partial dentures.

On review, the Department's decision to deny the request for dentures was reached within policy. While this administrative law judge can sympathize with Petitioner's situation, the Department and this administrative law judge must enforce Medicaid policy as written. Based on the information submitted with the prior authorization request, Petitioner has 8 posterior teeth in occlusion. As such, Petitioner is not entitled to upper and lower partial dentures at this time paid for by Medicaid. If Petitioner loses any of the above referenced teeth, she would likely be eligible for partial dentures.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied Petitioner's request for prior authorization for upper and lower partial dentures.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
