## **CONCLUSIONS OF LAW**

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Food Assistance Program (FAP) is funded under the federal Supplemental Nutrition Assistance Program (SNAP) established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 through 7 USC 2036a. It is implemented by the federal regulations contained in 7 CFR 273. The Department administers FAP pursuant to MCL 400.10 of the Social Welfare Act, MCL 400.1 *et seq*, and Mich Admin Code, R 400.3001 through 400.3011.

The Department's OIG requests IPV hearings for the following cases:

- FAP trafficking OIs that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
  - the total OI amount for the FIP, SDA, CDC, MA and FAP programs is \$500 or more, or
  - the total OI amount is less than \$500, and
    - the group has a previous IPV, or
    - the alleged IPV involves FAP trafficking, or
    - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
    - the alleged fraud is committed by a state/government employee.

Department of Health and Human Services Bridges Administrative Manual BAM 720 (October 1, 2017), pp 12-13.

### **Overissuance**

An "overissuance" is an amount owed because of benefits that are overpaid, which the Department must establish and collect. 7 CFR 273.18(a). When a client group receives more benefits than it is entitled to receive, the Department must attempt to recoup the overissuance. Department of Human Services Bridges Administrative Manual (BAM) 700 (October 1, 2018), p 1.

Clients must report changes in circumstance that potentially affect eligibility or benefit amount within 10 days of receiving the first payment reflecting the change. Changes that must be reported include persons in the home and all household income. Department of Health and Human Services Bridges Administrative Manual (BAM) 105 (October 1, 2023), p 12. The Department will act on a change reported by means other than a tape match within 15 workdays after becoming aware of the change, except that the Department will act on a change other than a tape match within 10 days of becoming aware of the change. Department of Health and Human Services Bridges Administrative Manual (BAM) 220 (October 1, 2023), p 7. A pended negative action occurs when a negative action requires timely notice based on the eligibility rules in this item. Timely notice means that the action taken by the department is effective at least 12 calendar days following the date of the department's action. BAM 220, p 12.

On an application for assistance dated February █ 2021, Respondent acknowledged the duty to report all persons in the home and all household income. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement. Respondent reported to the Department that she was living at █. Respondent reported to the Department that she was pregnant and living with one child, but not receiving any income.

Respondent failed to report that the father of her child was living in her household, which was established from the father's address of record with his employer and the Michigan Department of State. The father of her child was a mandatory member of her FAP benefit group. The father of Respondent's child was employed as of October █ 2019, and the earned income he received from that employment should have been counted towards Respondent's eligibility for FAP benefits.

Respondent received a \$█ allotment of FAP benefits in May of 2021, and a \$█ allotment in July of 2021. If Respondent had reported all members of her household and all household income, she would not have been eligible for any FAP benefits in those months. Therefore, Respondent received a \$█ overissuance of FAP benefits.

### **Intentional Program Violation**

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing, or preventing reduction of program benefits or eligibility. BAM 720, p. 1; see also 7 CFR 273.16(e)(6).

The Department has the burden of establishing by clear and convincing evidence that Respondent committed an Intentional Program Violation (IPV). The clear and convincing evidence standard, which is the most demanding standard applied in civil cases, is established where there is evidence so clear, direct, and weighty and convincing that a conclusion can be drawn without hesitancy of the truth of the precise facts in issue. *Smith v Anonymous Joint Enterprise*, 487 Mich 102; 793 NW2d 533 (2010), reh den 488 Mich 860; 793 NW2d 559 (2010).

Clear and convincing proof is that which produces in the mind of the trier of fact a firm belief or conviction as to the truth of the precise facts in issue. Evidence may be uncontroverted and yet not be clear and convincing. Conversely, evidence may be clear and convincing even if contradicted. *Id.*

The Department's representative presented as a knowledgeable witness who provided a credible account of an investigation of a household not receiving any earned income from employment.

Respondent acknowledged the duties and responsibilities of receiving FAP benefits on an application for assistance dated February █ 2021. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement. It is the Department's practice to provide pamphlet material to eligible FAP recipients advising them of their duty to report all household members and all household income. The hearing record supports a finding that Respondent was provided with notice that was required to report that the father of her child was living in her home and the earned income from employment that he was receiving.

Respondent falsely reported to the Department that the father of her child was not living in her home, while he had reported that he was living at that address to the Michigan Department of State and his employer. The Department notified Respondent that she was eligible for FAP benefits on February 2, 2021, as a household of two not receiving any income while the father of her child was living in the household, and he was employed.

This Administrative Law Judge finds that the Department has presented clear and convincing evidence that Respondent intentionally failed to report that the father of her child was living in the home and that he was employed for the purposes of becoming eligible for and maintaining her eligibility for FAP benefits that she would not have been eligible for otherwise.

### **Disqualification**

A court or hearing decision that finds a client committed IPV disqualifies that client from receiving program benefits. BAM 720, p. 15-16. A disqualified recipient remains a member of an active group if the disqualified person lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

Clients who commit an IPV are disqualified for a standard disqualification period except when a court orders a different period, or except when the OI relates to MA. BAM 720, p. 13. Department of Health and Human Services Bridges Administrative Manual (BAM) BAM 710 (January 1, 2018), p. 2. Clients are disqualified for periods of one year for the first IPV, two years for the second IPV, lifetime disqualification for the third IPV, and ten years for a FAP concurrent receipt of benefits. BAM 720, p. 16.

The record evidence indicates that this is Respondent's first established IPV violation.

The Department has established an Intentional Program Violation (IPV).

**DECISION AND ORDER**

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department has established by clear and convincing evidence that Respondent committed an Intentional Program Violation (IPV).
2. Respondent did receive an overissuance of Food Assistance Program (FAP) benefits in the amount of \$[REDACTED]
3. The Department is ORDERED to initiate recoupment procedures for the amount of \$[REDACTED] in accordance with Department policy.
4. It is FURTHER ORDERED that Respondent be disqualified from the Food Assistance Program (FAP) for a period of 12 months.
