DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a hearing was held on March 19, 2024. Petitioner appeared and offered testimony on her own behalf. Lana Karadsheh, Appeals Review Officer, appeared on behalf of the Respondent, Michigan Department of Health, and Human Services (Department of MDHHS). James Bodin, Adult Services Worker, appeared as a witness for the Department.

Department	A – Hearing Summary

ISSUE

Did the Department properly suspend Petitioner's Home Help Services (HHS) case because Petitioner did not have active Medicaid?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Since at least 2019, Petitioner has been approved for and had received HHS benefits. (Exhibit A, p 26.)

2. On December 1, 2023, Petitioner's Medicaid scope of coverage changed to 1Y. (Exhibit A, p 26; Testimony.)
3. On February 22, 2024, the Michigan Office of Administrative Hearings and Rules, received from Petitioner, a request for hearing. (Exhibit A, p 8.)¹
4. On March 5, 2024, the Department sent Petitioner a Negative Action notice. The notice indicated Petitioner's HHS was case was being suspended due to Petitioner's MA coverage changing to Plan First Family Planning. (Exhibit A, p 28; Testimony.)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

The Adult Services Manual (ASM) addresses eligibility for Home Help Services:

GENERAL

Home help services are available if the client meets all eligibility requirements. An independent living services case may be opened for supportive services to assist the client in applying for Medicaid (MA).

Home help services payments cannot be authorized prior to establishing Medicaid eligibility and completing a face-to-face assessment with the client. Once MA eligibility has been established, the case service methodology **must** be changed to case management.

¹ Petitioner's request for hearing was filed prior to the Department ever issuing the negative action notice in question. Normally, the Tribunal only has jurisdiction to address the issues that arise within the 90 days immediately preceding the negative action notice at issue. However, in this case, good cause was found to address the issue as it appears the Petitioner had an ongoing MA issue that was affecting her case, and furthermore, neither party is prejudiced by the Tribunal taking jurisdiction.

Requirements

Home help eligibility requirements include **all** of the following:

- Medicaid eligibility.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment indicating a functional limitation of level 3 or greater for at least one activity of daily living (ADL).
- Appropriate Program Enrollment Type (PET) codes.

Medicaid/ Medical Aid (MA)

The client may be eligible for MA under one of the following:

- All requirements for Medicaid have been met.
- MA deductible obligation has been met.

The client must have a scope of coverage of either:

- 1F or 2F.
- 1D or 1K (Freedom to Work).
- 1T (Healthy Kids Expansion).
- 3G (Healthy Michigan Plan).
- 7W (MiChild)
- 8L (Flint)

Clients with a scope of coverage 20, 2C or 2B are **not** eligible for Medicaid until they have met their MA deductible obligation.

Note: A change in the scope of coverage in Bridges will generate a system tickler in Michigan Adult Integrated Management System (MiAIMS) for active services cases.

Medicaid Personal Care Option

Clients in need of home help personal care services may become eligible for MA under the Medicaid personal care option.

Discuss this option with the client and coordinate implementation with the eligibility specialist.

Conditions of eligibility:

- The client meets all Medicaid eligibility factors except income.
- An independent living services case is open.
- The client is eligible for home help services.
- The cost of personal care services is **more** than the MA excess income amount.

If **all** the above conditions have been satisfied, the client has met MA deductible requirements. The adult services specialist can apply the personal care option in ASCAP. The deductible amount is entered on the **MA History** tab of the Bridges **Eligibility** module in MiAIMS. When processing a payment for a client using the personal care option, it is important to remember to enter the deductible amount on the Payment Detail screen when authorizing the payment in MiAIMS so that the deductible amount is subtracted from the Home Help payment.

Use the DHS-1210, Services Approval Notice, to notify the client of home help services approval when MA eligibility is met through this option. The notice must inform the client that the home help payment will be reduced by the deductible amount, and that the client is responsible for paying the provider the MA deductible amount each month.

Do **not** close a case eligible for MA based on this policy option if the client does not pay the provider. It has already been ensured that MA funds will not be used to pay the client's deductible liability. The payment for these expenses is the responsibility of the client.

Changes in the client's deductible amount will generate a system tickler from Bridges.

MA eligibility under this option **cannot** continue if the cost of personal care becomes **equal to or less than** the MA excess income amount.

Note: See Bridges Eligibility Manual (BEM) 545, Exhibit II, regarding the Medicaid Personal Care Option.²

Department policy requires an HHS participant to have full coverage Medicaid or have met the monthly Medicaid spend-down in order to be eligible for the HHS program. Here, the Department's witness testified that at the time of Petitioner's request, the Petitioner did not have Medicaid with the necessary scope of coverage.

Based on the evidence presented, Petitioner has not proven, by a preponderance of evidence that the Department erred in suspending Petitioner's HHS case due to lack of active Medicaid. As such, the Department properly suspended Petitioner's HHS case.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department did not err in suspending Petitioner's HHS case.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
