ADMINISTRATIVE LAW JUDGE: Robert J. Meade

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a hearing was held on June 12, 2024. [REDACTED] Petitioner, appeared and testified on her own behalf. Lana Karadsheh, Appeals Review Officer, appeared on behalf of Respondent, Michigan Department of Health and Human Services (MDHHS or Department). Kandace Wright, Adult Services Worker (ASW), and Norshell Mack, Adult Services Supervisor, appeared as witnesses for the Department.

ISSUE

Did the Department properly deny Petitioner's Home Help Services (HHS) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a Medicaid beneficiary, who was referred for HHS on February 23, 2024. (Exhibit A, p 12; Testimony)
2. Petitioner is diagnosed with Hodgkins lymphoma. (Exhibit A, p 18; Testimony)
3. On March 28, 2024, the ASW completed a comprehensive assessment with Petitioner in Petitioner's home. During the assessment, the ASW determined that Petitioner did not have a need for hands on assistance with any Activities of Daily Living (ADL's), functional ranking 3 or greater, or any Instrumental Activities of Daily Living (IADL's). The ASW also concluded that Petitioner had no complex care needs. (Exhibit A, p 14; Testimony)

4. A Medical Needs form completed by Petitioner's doctor indicates that Petitioner needs assistance with the ADL's of bathing, grooming and mobility, as well as the IADL's of meal preparation, shopping, laundry, and housework. (Exhibit A, p 18; Testimony)
5. On April 4, 2024, the ASW sent Petitioner a Negative Action Notice indicating that HHS was denied based on the policy requiring a need for hands on assistance with at least one ADL, functional ranking 3 or greater. (Exhibit A, p 19; Testimony)
6. On May 13, 2024, Petitioner's hearing request was received by the Michigan Office of Administrative Hearings and Rules. (Exhibit A, pp 8-11)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

The Adult Services Manual (ASM) address issues of what services are included in Home Help Services and how such services are assessed:

ASM 101 AVAILABLE SERVICES

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the home help services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds.

These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities **must** be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services worker.

Home help services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.
- Laundry.
- Light housecleaning.

An individual must be assessed with at least one activity of daily living (ADL) ranked 3 or higher or complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Complex Care

Complex care refers to conditions requiring intervention with special techniques and/or knowledge. These complex care tasks are performed on clients whose diagnoses or conditions require more management. The conditions may also require special treatment and equipment for which specific instructions by a health professional or client may be required in order to perform.

- Eating or feeding assistance.
- Catheters or leg bags.
- Colostomy care.
- Bowel program.
- Suctioning.
- Specialized skin care.
- Range of motion exercises.
- Dialysis (In-home).
- Wound care.
- Respiratory treatment.
- Ventilators.
- Injections.

When assessing a client with complex care needs refer to the Complex Care Assessment MDHHS-5535 from MiAIMS

Services not Covered by Home Help

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.

- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or shopping). A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.
- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.

ASM 105 ELIGIBILITY CRITERIA

GENERAL

Requirements

Home help eligibility requirements include **all** of the following:

- Medicaid eligibility.
- Appropriate program enrollment type (PET) code.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment indicating a functional limitation of level 3 or greater for at least one activity of daily living (ADL).

Certification of Medical Need

Medical needs are certified utilizing the DHS-54A, Medical Needs form and must be completed by a Medicaid enrolled medical professional. The medical professional must hold one of the following professional licenses:

- Physician (M.D. or D.O.).
- Physician Assistant.
- Nurse practitioner.
- Occupational therapist.
- Physical therapist.

The DHS-54A or veterans administration medical form 10-10M are acceptable for individuals treated by a VA physician; see ASM 115, Adult Services Requirements.

Need For Service

The adult services worker (ASW) is responsible for determining the necessity and level of need for home help services based on all of the following:

- Client choice.
- A completed MDHHS-5534, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive Home Help services.

ASM 115 ADULT SERVICES REQUIREMENTS

MDHHS-5534, ADULT SERVICES COMPREHENSIVE ASSESSMENT

The ASW must conduct a face-to-face interview with the client in their home to assess the personal care needs. During the assessment, complete the MDHHS-5534, Adult Services Comprehensive Assessment, generated from MiAIMS; see ASM 120, Adult Services Comprehensive Assessment.

CLIENT AND PROVIDER CONTACTS

Within the Contacts module of MiAIMS, the following contact types are available:

- Face-to-face.
- Telephone.
- Miscellaneous.
- Email.
- Text.
- Case conference with supervisor.
- Narrative entry only.

The ASW must document all contacts between the ASW, client, provider, and collateral contacts in MiAIMS. The ASW must, at a minimum, have a face-to-face interview with the client, prior to case opening, and then every six months in the client's home for the review.

ASM 120 ADULT SERVICES COMPREHENSIVE ASSESSMENT

OVERVIEW

The MDDHS-5534, Adult Services Comprehensive Assessment, is the primary tool for determining a client's need for services. The comprehensive assessment must be completed on **all open Home Help**

services cases. The Michigan Adult Integrated Management System (MiAIMS), provides the format for the comprehensive assessment and all information must be entered on the computer program.

Functional Tab

The *Functional* Tab under the *Assessment* module of MiAIMS is the basis for service planning and for the home help services payment. Document the client's abilities and needs in the *Functional* tab to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal preparation and cleanup.
- Shopping.
- Laundry.
- Light housework.

Functional Scale

ADLs and IADLs are assessed according to the following five point scale:

1. Independent.

Performs the activity safely with no human assistance.

2. Verbal assistance.

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some human assistance.

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much human assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the level 3 ranking or greater.

An individual must be assessed with at least one activity of daily living ranked 3 or higher or a complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Home Help payments may only be authorized for needs assessed at the ranking of level 3 or greater.

An individual must be assessed with at least one activity of daily living ranked 3 or higher or a complex care need to be eligible to receive Home Help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater, but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Example: Ms. Smith is assessed at a level 4 for bathing. However, she refuses to receive assistance, or her daughter agrees to assist her at no charge. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determines a need at a level 3 or greater.

Note: If an individual uses adaptive equipment to assist with an ADL, and without the use of this equipment the person would require hands-on care, the individual must be ranked a level 3 or greater on the Functional tab in MiAIMS. This individual would be eligible to receive Home Help services.

Example: Mr. Jones utilizes a transfer bench to get in and out of the bathtub, which allows him to bathe himself without the hands-on assistance of another. The adult services worker (ASW) must rank Mr. Jones a 3 or greater under the Functional tab. Mr. Jones would be eligible to receive Home Help services.

Assistive technology includes such items as; walkers, wheelchairs, canes, reachers, lift chairs, bath benches, grab bars, and handheld showers.

The ASW testified that on March 28, 2024, she completed a comprehensive assessment with Petitioner in Petitioner's home. During the assessment, the ASW determined that Petitioner did not have a need for hands on assistance with any ADL's, functional ranking 3 or greater, or any IADL's. The ASW also concluded that Petitioner had no complex care needs. The ASW indicated that a Medical Needs form completed by Petitioner's doctor indicates that Petitioner only needs assistance with the IADL's of meal preparation, shopping, laundry, and housework.¹ The ASW testified that on April 4, 2024, the ASW sent Petitioner a Negative Action Notice indicating that HHS was denied based on the policy requiring a need for hands on assistance with at least one ADL, functional ranking 3 or greater.

Petitioner testified that back during COVID she spoke to the ASW's supervisor more than she spoke to the ASW, so she thinks the ASW is mad about this. Petitioner testified that there are 23 stairs to get up to her apartment and there is no elevator. Petitioner indicated that after her first day of chemotherapy she fell, hurt her knee, and got a concussion. Petitioner testified that she has fallen four times since then. Petitioner indicated that she did not move during the assessment and was not asked to move by the ASW. Petitioner testified that she has not made any medical appointments since her denial because she is afraid of the stairs. Petitioner indicated that she also has no food in her refrigerator since the denial.

In response, the Department's ARO testified that Petitioner was contacted one week prior to the hearing and told that they were willing to approve her HHS application back to the referral date based on the evidence, but Petitioner declined the offer.

Based on the evidence presented, Petitioner has proven, by a preponderance of the evidence, that the Department erred in denying the HHS application. The evidence was sufficient to establish that Petitioner had a need for hands on assistance, functional ranking 3 or greater, with at least one ADL, based on the information available to the

¹ This Medical Needs form is not contained in the evidence packet. The only Medical Needs form contained in the evidence packet is the form referenced in Findings of Fact paragraph 4.

ASW for this assessment. Petitioner uses a cane to assist with mobility and needs assistance getting in and out of the bath. Petitioner's doctor also certified that Petitioner needs assistance with the ADL's of bathing, grooming and mobility on the 54A medical needs form. The Department also apparently agrees that Petitioner qualified for HHS because they offered to approve her case prior to the hearing. Given the evidence here, the denial of Petitioner's HHS application was improper and must be reversed.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department improperly denied Petitioner's HHS application based on the available information.

IT IS THEREFORE ORDERED that:

The Department's decision is **REVERSED**.

Within 10 days of the receipt of this Order, the Department shall certify that it has taken action in accordance with this Order.
