ADMINISTRATIVE LAW JUDGE: Robert J. Meade

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a telephone hearing was held on August 31, 2022. [REDACTED] Petitioner's daughter and caregiver, appeared on Petitioner's behalf. Petitioner, [REDACTED] also appeared. Florence Scott-Emuakpor, Appeals Review Officer, represented the Respondent, Michigan Department of Health and Human Services (MDHHS or Department). Nadia Lemmons, Adult Services Worker (ASW), and Vivian Hurst, Adult Services Supervisor, appeared as witnesses for the Department.

ISSUE

Did the Department properly authorize Petitioner's Home Help Services (HHS)?

EXHIBITS

Exhibit A: Department's Hearing Summary, pp 1-40

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a Medicaid beneficiary who was referred for HHS on or about May 20, 2022. (Exhibit A, p 6; Testimony)
2. On or about June 28, 2022, the Department's ASW went to Petitioner's home to conduct an assessment with Petitioner and his daughter/provider. The ASW reviewed Petitioner's Activities of Daily Living (ADL's) and Instrumental Activities of Daily Living (IADL's). The ASW noted that Petitioner required assistance with dressing, grooming, mobility, transferring, housework, laundry, meal preparation, shopping, and travel for shopping. (Exhibit A, p 12; Testimony)

3. Following the assessment, the ASW initially approved Petitioner for 22 hours and 13 minutes per month of HHS (\$207.98), which was later increased to 32 hours and 32 minutes per month of HHS (\$271.28) to allow time for laundry and cooking. (Exhibit A, pp 2, 8-12; Testimony)
4. On July 1, 2022, the Department sent Petitioner a Service Approval Notice informing Petitioner about the new HHS authorization. (Exhibit A, p 8; Testimony)
5. On July 27, 2022, Petitioner's Request for Hearing was received by the Michigan Office of Administrative Hearings and Rules. (Exhibit A, pp 3-5c)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

The Adult Services Manual (ASM) address the issues of what services are included in Home Help Services and how such services are assessed:

ASM 101 AVAILABLE SERVICES

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the home help services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care

facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities **must** be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services worker.

Home help services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.
- Laundry.
- Light housecleaning.

An individual must be assessed with at least one activity of daily living (ADL) ranked 3 or higher or complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Services not Covered by Home Help

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or shopping). A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.
- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.

ASM 105 ELIGIBILITY CRITERIA

GENERAL

Requirements

Home help eligibility requirements include **all** of the following:

- Medicaid eligibility.

- Appropriate Program Enrollment Type (PET) code.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment indicating a functional limitation of level 3 or greater for at least one activity of daily living (ADL).

Certification of Medical Need

Medical needs are certified utilizing the DHS-54A, Medical Needs form and must be completed by a Medicaid enrolled medical professional. The medical professional must hold one of the following professional licenses:

- Physician (M.D. or D.O.).
- Physician Assistant.
- Nurse practitioner.
- Occupational therapist.
- Physical therapist.

Either the DHS-54A or veterans administration medical form 10-10M are acceptable for individuals treated by a VA physician; see ASM 115, Adult Services Requirements.

Need For Service

The adult services worker (ASW) is responsible for determining the necessity and level of need for Home Help services based on all of the following:

- Client choice.
- A completed MDHHS-5534, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) at a level 3 or greater to be eligible to receive Home Help services.

ASM 115 ADULT SERVICES REQUIREMENTS

MDHHS-5534, ADULT SERVICES COMPREHENSIVE ASSESSMENT

The ASW must conduct a face-to-face interview with the client in their home to assess the personal care needs. During the assessment, complete the MDHHS-5534, Adult Services Comprehensive Assessment, which is generated from MiAIMS; see ASM 120, Adult Services Comprehensive Assessment.

CONTACTS

The ASW must, at a minimum, have a face-to-face interview with the client, prior to case opening, then every six months in the client's home for the review.

*Adult Services Manual 115
September 1, 2021, p 3*

ASM 120 ADULT SERVICES COMPREHENSIVE ASSESSMENT

OVERVIEW

The MDDHS-5534, Adult Services Comprehensive Assessment, is the primary tool for determining need for services. The comprehensive assessment must be completed on **all open Home Help services cases**. Michigan Adult Integrated Management System (MiAIMS), provides the format for the comprehensive assessment and all information must be entered on the computer program.

Functional Tab

The *Functional* Tab under *Assessment* module of MiAIMS is the basis for service planning and for the Home Help services payment.

Document the client's abilities and needs in the *Functional* tab to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal preparation and cleanup.
- Shopping.
- Laundry.
- Light housework.

Functional Scale

ADLs and IADLs are assessed according to the following 5-point scale:

1. Independent.

Performs the activity safely with no human assistance.

2. Verbal assistance.

Performs the activity with verbal assistance such as reminding, guiding, or encouraging.

3. Some human assistance.

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much human assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home Help payments may only be authorized for needs assessed at the ranking of level 3 or greater.

An individual must be assessed with at least one activity of daily living ranked 3 or higher or a complex care need to be eligible to receive Home Help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Time and Task

The ASW will allocate time for each task assessed at a rank of 3 or greater, based on interviews with the client and caregiver, observation of the client's abilities, and use of the reasonable time schedule (RTS) as a **guide**. The RTS is built into the *Functional* tab within MiAIMS for each task. ASW's should modify how much time is needed based on the client's documented need.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all instrumental activities of daily living (IADL) except medication. The limits are as follows:

- Five hours/month for shopping.
- Six hours/month for light housework.
- Seven hours/month for laundry.
- 25 hours/month for meal preparation.

Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for each task. Assessed hours for IADLs (except medications) must be prorated by **one half** in shared living arrangements where other adults reside in the home, as Home Help services are **only** for the benefit of the client.

The ASW testified that on or about June 28, 2022, she went to Petitioner's home to conduct an assessment with Petitioner and his daughter/provider. The ASW indicated that she reviewed Petitioner's ADL's and IADL's and noted that Petitioner required assistance with dressing, grooming, mobility, transferring, housework, laundry, meal preparation, shopping, and travel for shopping. The ASW testified that following the assessment, she initially approved Petitioner for 22 hours and 13 minutes per month of HHS (\$207.98), which was later increased to 32 hours and 32 minutes per month of HHS (\$271.28) to allow time for laundry and cooking. The ASW indicated that on July 1, 2022, she sent Petitioner a Service Approval Notice informing Petitioner about the new HHS authorization.

Petitioner's daughter/caregiver testified she had not yet received any payment for HHS and did not understand why. The Department's witnesses indicated that Petitioner's daughter/caregiver would not be paid until she went into CHAMPS and completed the Time and Task chart for the care provided to her father. The Department's witnesses indicated that they would reach out to Petitioner's daughter/caregiver after the hearing to assist her with the process. Petitioner's daughter/caregiver also inquired about getting a wheelchair for her father and was referred to her father's Medicaid health plan.

Based on the evidence presented, Petitioner has failed to prove by a preponderance of the evidence that the Department erred in authorizing his HHS. The ASW testified in a credible manner about her observations of Petitioner and answers to her questions during the reassessment. The ASW actually increased Petitioner's HHS following the initial assessment. In addition, policy indicates that it is the ASW that determines the level of HHS following the comprehensive assessment, not Petitioner's doctor. As such, the Department's ASW properly calculated Petitioner's HHS based on policy.

DECISION AND ORDER

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, finds that, based on the available information, the Department properly authorized Petitioner's HHS.

IT IS THEREFORE ORDERED THAT:

The Department's decision is AFFIRMED.
