MICHIGAN OFFICE OF ADMINISTRATIVE HEARINGS AND RULES

MARLON I. BROWN, DPA
ACTING DIRECTOR

[REDACTED]
MI [REDACTED]

Date Mailed: November 27, 2023
MOAHR Docket No.: 23-006479
Agency No.: [REDACTED]
Petitioner: [REDACTED]

ADMINISTRATIVE LAW JUDGE: Steven Kibit

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, and upon the Petitioner's request for a hearing.

After due notice, a telephone hearing was held on November 7, 2023.

[REDACTED] Petitioner's sister, appeared and testified on Petitioner's behalf. Leigha Klaver, Appeals Review Officer, represented the Respondent, Department of Health and Human Services (DHHS or Department). Brigeda Nelson, Adult Services Worker (ASW), testified as a witness for the Department.

During the hearing, the Department submitted an evidence packet that was admitted into the record without objection as Exhibit A, pages 1-89. Petitioner did not submit any proposed exhibits.

ISSUE

Did the Department properly terminate Petitioner's Home Help Services (HHS)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a [REDACTED] year-old Medicaid beneficiary who has been diagnosed with schizoaffective disorder, bipolar type. (Exhibit A, pages 12-15, 40).
2. In 2010, Petitioner was approved for HHS through the Department. (Exhibit A, pages 12-13).

3. In April of 2022, Petitioner moved to ████████ Michigan, and her case was transferred to the ████████ County DHHS. (Exhibit A, page 16).
4. On August 1, 2023, the ASW completed a six-month review with Petitioner and Petitioner's care provider in Petitioner's home. (Exhibit A, page 36).
5. During that review, Petitioner was walking and transferring independently and without the use of adaptive equipment. (Exhibit A, page 16; Testimony of ASW).
6. Petitioner also reported that she did not use any adaptive equipment and that she is able to complete all her Activities of Daily Living (ADLs) on her own. (Exhibit A, page 16; Testimony of ASW).
7. On August 14, 2023, the Department sent Petitioner written notice that her HHS would be terminated as of August 28, 2023. (Exhibit A, page 42).
8. With respect to the reason for the action, the notice stated:

Please note that your current comprehensive functional assessment did not meet the criteria for services with DHHS/ adult home help program. DHHS /adult services policy requires a ranking score of 3 or higher with daily living activities such as bathing, eating etc. Your assessment did not identify any daily activities with a ranking of a 3 or higher, therefore you are not eligible for services.

Exhibit A, page 42

9. On October 4, 2023, the Michigan Office of Administrative Hearings and Rules (MOAHR) received the request for hearing filed in this matter with respect to that decision. (Exhibit A, pages 7-11).

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statutes, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM) 101 (4-1-2018) and ASM 120 (5-1-2023) address the issue of what services were included in HHS and how such services are assessed. For example, ASM 101 provides in part:

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities **must** be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services specialist.

Personal care services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.

- Shopping for food and other necessities of daily living.
- Laundry.
- Light housecleaning.

An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's [sic] if the assessment determines a need at a level 3 or greater.

Note: If an individual uses adaptive equipment to assist with an ADL, and without the use of this equipment the person would require hands-on care, the individual must be ranked a level 3 or greater on the functional assessment. This individual would be eligible to receive home help services.

Example: Mr. Jones utilizes a transfer bench to get in and out of the bathtub which allows him to bathe himself without the hands-on assistance of another. The adult services specialist must rank Mr. Jones a 3 or greater under the functional assessment. Mr. Jones would be eligible to receive home help services.

Assistive technology would include such items as walkers, wheelchairs, canes, reachers, lift chairs, bath benches, grab bars and handheld showers.

* * *

Services not Covered by Home Help

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or

shopping). A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.

- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.

ASM 101, pages 1-3, 4-5

Moreover, ASM 120 states in part:

Functional Tab

The *Functional* Tab under *Assessment* module in MiAIMS is the basis for service planning and for Home Help services payment. Document the client's abilities and needs in the *Functional* tab to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and Cleanup.
- Shopping.
- Laundry.
- Light Housework.

Functional Scale

ADLs and IADLs are assessed according to the following five-point scale:

1. Independent

Performs the activity safely with no human assistance.

2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

Home Help payments may only be authorized for needs assessed at the 3 level or greater.

An individual must be assessed with at least one activity of daily living ranked 3 or higher or a complex care need to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance, or her daughter agrees to assist her at no charge. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determines a need at a level 3 or greater.

Note: If an individual uses adaptive equipment to assist with an ADL, and without the use of this equipment the person would require hands-on care, the individual must be ranked a level 3 or greater on the *Functional* tab in MiAIMS. This individual would be eligible to receive Home Help services.

Example: Mr. Jones utilizes a transfer bench to get in and out of the bathtub, which allows him to bathe himself without the hands-on assistance of another. The adult services worker (ASW) must rank Mr. Jones a 3 or greater under the *Functional* tab. Mr. Jones would be eligible to receive Home Help services.

Assistive technology includes such items as walkers, wheelchairs, canes, reachers, lift chairs, bath benches, grab bars and hand-held showers.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

Complex Care Needs

Complex care refers to conditions requiring intervention with special techniques and/or knowledge. These complex care tasks are performed on client's whose diagnoses or conditions require more management. The conditions may also require special treatment and equipment for which specific instructions by a health professional or client may be required in order to perform.

- Eating and feeding.
- Catheters or legs bags.
- Colostomy care.
- Bowel program.
- Suctioning.
- Specialized skin care.
- Range of motion exercises.
- Peritoneal dialysis.
- Wound care.
- Respiratory treatment.
- Ventilators.
- Injections.

When assessing a client with complex care needs, refer to the MDHHS-5535, Complex Care Assessment, from MiAIMS forms for assistance with activity ranking, frequency, and length of time needed...

ASM 120, pages 2-5

As described in the above policy, an individual is only eligible to receive HHS in general, or with any IADLs specifically, if he or she has a need for assistance with at least one ADL at a level 3 or greater on the functional scale.

In this case, the Department terminated Petitioner's HHS on the basis that she did not have a need for assistance with any ADLs at a level 3 or greater on the functional scale. Specifically, the ASW testified and wrote in her notes that Petitioner only reported a need for assistance with IADLs, and expressly reported being independent in each ADL, during the assessment. The ASW also testified that she observed Petitioner walking and transferring independently, and without the use of any adaptive equipment, during the assessment.

In response, Petitioner's representative testified that Petitioner's HHS stopped after her case was transferred and that the review was not conducted until after Petitioner's representative called the ASW's supervisor. Petitioner's representative also testified that Petitioner needs reminders to take medications; help with keeping appointments; and assistance with preparing food and shopping. She further testified that Petitioner needs prompting with brushing her teeth, taking showers, and combing hair due to Petitioner's depression. According to Petitioner's representative, Petitioner has a walker and cane, but does not use them every day.

Petitioner bears the burden of proving by a preponderance of the evidence, that the Department erred in terminating her HHS. Moreover, the undersigned Administrative Law Judge is limited to reviewing the Department's decision in light of the information it had at the time it made the decision.

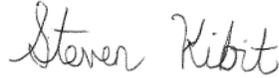

Given the available information and applicable policies in this case, Petitioner has failed to meet that burden of proof, and the Department's decision must be affirmed. As provided above, an individual is only eligible to receive HHS in general, or with any IADLs, if he or she has a need for assistance with at least one ADL at a level 3 or greater on the functional scale; and the record does not reflect such a need in this case. The ASW credibly testified that Petitioner only described and displayed a need for assistance with IADLs during the assessment and Petitioner's representative's own testimony during the hearing likewise confirmed that Petitioner does not have a need for assistance with any ADL at a level 3 or greater on the functional scale, with verbal prompting insufficient under policy. Accordingly, Petitioner does not meet the applicable criteria.

DECISION AND ORDER

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, decides that the Department properly terminated Petitioner's HHS.

IT IS, THEREFORE, ORDERED that:

The Department's decision is **AFFIRMED**.

SK/sj

Steven Kibit
Administrative Law Judge

NOTICE OF APPEAL: Petitioner may appeal this Order in circuit court within 30 days of the receipt date. A copy of the circuit court appeal must be filed with the Michigan Office of Administrative Hearings and Rules (MOAHR).

A party may request a rehearing or reconsideration of this Order if the request is received by MOAHR within 30 days of the date the Order was issued. The party requesting a rehearing or reconsideration must provide the specific reasons for the request. MOAHR will not review any response to a request for rehearing/reconsideration.

A written request may be mailed or faxed to MOAHR. If submitted by fax, the written request must be faxed to (517) 763-0155; Attention: MOAHR Rehearing/Reconsideration Request.

If submitted by mail, the written request must be addressed as follows:

Michigan Office of Administrative Hearings and Rules
Reconsideration/Rehearing Request
P.O. Box 30763
Lansing, Michigan 48909-8139

PROOF OF SERVICE

I certify that I served a copy of the foregoing document upon all parties, to their last known addresses in the manner specified below, this 27th day of November 2023.
