DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, 42 CFR 431.200 *et seq.* and 42 CFR 438.400 *et seq.* upon Petitioner’s request for a hearing.

After due notice, a hearing was held on September 25, 2025. [REDACTED], Petitioner’s father, appeared and testified on Petitioner’s behalf.

Stacy Coleman, Fair Hearing Officer, appeared and testified on behalf of Respondent, Macomb County Community Mental Health. (Respondent or Department.)

Exhibits:

Petitioner	None
Respondent	A – Hearing Summary

ISSUE

Did the Respondent properly deny Petitioner’s request for respite?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a Medicaid beneficiary who has been receiving services through Respondent. (Exhibit A; Testimony.)
2. At all times relevant to this matter, Petitioner resided and split time between her biological parents and was approved for and receiving targeted case management and 20 hours a week of community living supports.(Exhibit A; Testimony.)

1. Respondent is under contract with the Michigan Department of Health and Human Services (MDHHS) to provide Medicaid covered services to people who reside in the Respondent's service area. (Exhibit A; Testimony.)
2. On April 29, 2025, the Respondent sent Petitioner a Notice of Adverse Benefit Determination. The notice indicated Petitioner's request for 75 hours per month of respite was denied. (Exhibit A; Testimony.)
3. On May 9, 2025, Petitioner submitted an internal appeal request. (Exhibit A.)
4. On June 6, 2025, Respondent sent Petitioner, a Notice of Appeal Denial. The notice indicated Petitioner's request for 75 hours per month of CLS was denied as a result of Petitioner not meeting medical necessity criteria with other people living in the home and the existence of other natural supports. (Exhibit A; Testimony.)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Title XIX of the Social Security Act, enacted in 1965, authorizes Federal grants to States for medical assistance to low-income persons who are age 65 or over, blind, disabled, or members of families with dependent children or qualified pregnant women or children. The program is jointly financed by the Federal and State governments and administered by States. Within broad Federal rules, each State decides eligible groups, types and range of services, payment levels for services, and administrative and operating procedures. Payments for services are made directly by the State to the individuals or entities that furnish the services.

The State plan is a comprehensive written statement submitted by the agency describing the nature and scope of its Medicaid program and giving assurance that it will be administered in conformity with the specific requirements of title XIX, the regulations in this Chapter IV, and other applicable official issuances of the Department. The State plan contains all information necessary for CMS to determine whether the plan can be approved to serve as a basis for Federal financial participation (FFP) in the State program.

Section 1915(b) of the Social Security Act provides:

The Secretary, to the extent he finds it to be cost-effective and efficient and not inconsistent with the purposes of this subchapter, may waive such requirements of section 1396a of this title (other than subsection(s) of this section) (other than sections 1396a(a)(15), 1396a(bb), and 1396a(a)(10)(A) of this title insofar as it requires provision of the care and services described in section 1396d(a)(2)(C) of this title) as may be necessary for a State...

The State of Michigan has opted to simultaneously utilize the authorities of the 1915(b) and 1915(c) programs to provide a continuum of services to disabled and/or elderly populations. Under approval from the Centers for Medicare and Medicaid Services (CMS) the Department of Health and Human Services (MDHHS) operates a section 1915(b) and 1915(c) Medicaid Managed Specialty Services and Support program waiver. CMH contracts with the Michigan Department of Health and Human Services to provide services under the waiver pursuant to its contract obligations with the Department.

Medicaid beneficiaries are entitled to medically necessary Medicaid covered services for which they are eligible. Services must be provided in the appropriate scope, duration, and intensity to reasonably achieve the purpose of the covered service.

The Respondent is mandated by federal regulation to perform an assessment for the Petitioner to determine what Medicaid services are medically necessary and determine the amount or level of the Medicaid medically necessary services.

The Medicaid Provider Manual articulates Medicaid policy for Michigan. It states, in relevant part:

2.5 MEDICAL NECESSITY CRITERIA

The following medical necessity criteria apply to Medicaid mental health, developmental disabilities, and substance abuse supports and services.

2.5.A. MEDICAL NECESSITY CRITERIA

Mental health, developmental disabilities, and substance abuse services are supports, services, and treatment:

- Necessary for screening and assessing the presence of a mental illness, developmental disability or substance use disorder; and/or
- Required to identify and evaluate a mental illness, developmental disability or substance use disorder; and/or
- Intended to treat, ameliorate, diminish or stabilize the symptoms of mental illness, developmental disability or substance use disorder; and/or
- Expected to arrest or delay the progression of a mental illness, developmental disability, or substance use disorder; and/or
- Designed to assist the beneficiary to attain or maintain a sufficient level of functioning in order to achieve his goals of community inclusion and participation, independence, recovery, or productivity.

2.5.B. DETERMINATION CRITERIA

The determination of a medically necessary support, service or treatment must be:

- Based on information provided by the beneficiary, beneficiary's family, and/or other individuals (e.g., friends, personal assistants/aides) who know the beneficiary; and
- Based on clinical information from the beneficiary's primary care physician or health care professionals with relevant qualifications who have evaluated the beneficiary; and
- For beneficiaries with mental illness or developmental disabilities, based on person centered planning, and for beneficiaries with substance use disorders, individualized treatment planning; and
- Made by appropriately trained mental health, developmental disabilities, or substance abuse professionals with sufficient clinical experience; and
- Made within federal and state standards for timeliness; and
- Sufficient in amount, scope and duration of the service(s) to reasonably achieve its/their purpose.

- Documented in the individual plan of service.

2.5.C. SUPPORTS, SERVICES AND TREATMENT AUTHORIZED BY THE PIHP

Supports, services, and treatment authorized by the PIHP must be:

- Delivered in accordance with federal and state standards for timeliness in a location that is accessible to the beneficiary; and
- Responsive to particular needs of multi-cultural populations and furnished in a culturally relevant manner; and
- Responsive to the particular needs of beneficiaries with sensory or mobility impairments and provided with the necessary accommodations; and
- Provided in the least restrictive, most integrated setting. Inpatient, licensed residential or other segregated settings shall be used only when less restrictive levels of treatment, service or support have been, for that beneficiary, unsuccessful or cannot be safely provided; and
- Delivered consistent with, where they exist, available research findings, health care practice guidelines, best practices and standards of practice issued by professionally recognized organizations or government agencies.

2.5.D. PIHP DECISIONS

Using criteria for medical necessity, a PIHP may:

- Deny services that are:
 - deemed ineffective for a given condition based upon professionally and scientifically recognized and accepted standards of care;
 - experimental or investigational in nature; or
 - for which there exists another appropriate, efficacious, less-restrictive and cost effective service, setting or support that otherwise satisfies the standards for medically-necessary services; and/or
- Employ various methods to determine amount, scope and duration of services, including prior authorization for certain services, concurrent utilization reviews, centralized assessment and referral, gate-keeping arrangements, protocols, and guidelines.

Respondent argued that it properly denied Petitioner's request for respite services as a result of Petitioner splitting their time between two parents and this being a form of natural supports. Additionally, it was pointed out that Petitioner could utilize CLS services during the time frames Petitioner was seeking to use respite (weekends).

Petitioner indicated they were unaware they could use CLS services during the time frames they were seeking to use respite. Moreover, Petitioner did not provide any evidence of the respite being requested as being medically necessary.

Petitioner bears the burden of proving by a preponderance of the evidence that the current benefit allocation is insufficient and it is medically necessary and supported by the documentation in Petitioner's records to provide the requested benefits. Based on the evidence presented, Petitioner has failed to prove by a preponderance of the evidence that the respite services being requested was supported based on the documentation available to Respondent when the decision was made.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that Respondent properly denied Petitioner's request for respite services.

IT IS THEREFORE ORDERED that:

The Respondent's decision is **AFFIRMED**.
