(f) Public health nurse director.

History: 1979 AC.

R 327.53 Licensed practical nurses; qualifications.

Rule 53. A licensed practical nurse shall meet the following requirements:

(a) Graduation from a school of practical nursing approved by the state board of nursing at the time of graduation.

(b) Licensure to practice as a licensed practical nurse in Michigan.

History: 1979 AC.

R 327.55 Registered nurses; qualifications.

Rule 55. A registered nurse shall meet the following requirements:

(a) Graduation from a school of nursing approved by the state board of nursing.

(b) Licensure to practice as a registered nurse in Michigan.

History: 1979 AC.

R 327.57 Public health nurses; qualifications.

Rule 57. A public health nurse shall meet the following requirements:

(a) Completion of a baccalaureate degree program accredited by the national professional nursing organization for public health nursing preparation, or post-baccalaureate study which includes content approved by the national professional nursing organization for public health nursing preparation.

(b) Licensure to practice as a registered nurse in Michigan.

History: 1979 AC.

R 327.59 Public health nurse supervisors; qualifications.

Rule 59. A public health nurse supervisor shall qualify as a public health nurse, and in addition shall have:

(a) A master's degree from an institution with a program accredited by the national professional nursing organization or the American public health association which includes preparation in a specialized area of nursing practice, and in supervision or administration or both.

(b) Two years of public health nursing experience.

History: 1979 AC.

R 327.61 Public health nurse consultants; qualifications.

Rule 61. A public health nurse consultant shall qualify as a public health nurse supervisor, and shall have an additional 2 years of nursing supervisory or teaching experience.

History: 1979 AC.

R 327.63 Public health nurse directors; qualifications.

Rule 63. A public health nurse director shall qualify as a public health nurse consultant, and shall have an additional 1 year of experience in either nursing supervision, consultation, administration or any combination thereof.

History: 1979 AC.

R 327.65 Environmental health personnel; classification and qualifications.

Rule 65. A staff, supervisory, or administrative environmental health worker shall be classified, and shall meet the requirements, as specified in the following plan. (See following page.)

\*\*\*\* For Graphic see attached file labeled "Figures" \*\*\*\*

History: 1979 AC.

R 327.67 Environmental health personnel; substitute qualifications.

Rule 67. (1) An environmental health worker with position designation AI may be given credit for 1 year of education for each 5 years of experience.

(2) An environmental health worker with 8 or more years of experience at position designation II or higher may qualify for any position requiring a graduate degree if he meets the professional registration requirements.

History: 1979 AC.

R 327.69 Environmental health personnel; modification of qualifications.

Rule 69. (1) If the education or experience requirements of a local civil service system or its equivalent vary from the requirements of the classification plan in R 327.65, the employing agency shall decide which requirements shall prevail.

(2) The classification plan listed in R 327.65 establishes only minimum position designations; higher position designations may be established by the employer.

History: 1979 AC.

R 327.71 Public health educators; classification.

Rule 71. A district or county health department shall employ public health educators according to the following classifications:

- (a) Associate health educator.
- (b) Public health educator.
- (c) Public health education director.

History: 1979 AC.

R 327.73 Associate health educators; qualifications.

Rule 73. An associate health educator shall have at least 1 of the following qualifications:

(a) A bachelor's degree, including preparation in the health field, in education, natural science, social science, or a health specialty.

(b) A bachelor's degree, including preparation in the health field, and 2 years experience in teaching, school administration, or with a health-related community agency.
